

## F1 - EXPOSABLE URINAL FLUSHER

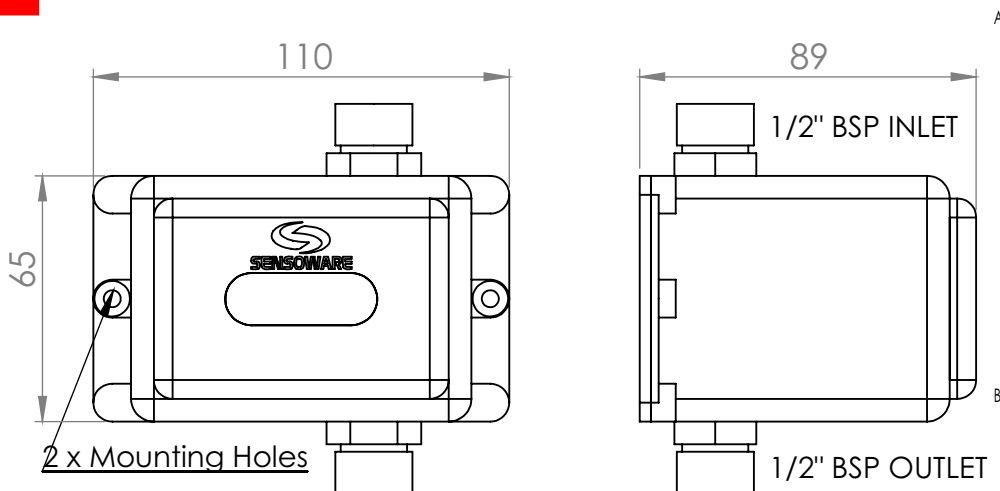

### Exposable Urinal Flusher

No need to replace your existing plumbing system for flushing. Installing a battery operated automatic flushing device onto your existing urinals makes economic sense. Installation of the Sensoware flush is the easiest and most cost effective way to gain the benefits of an automatic flushing system - No more unflushed fixtures, foul odors, and damage from handle abuse by people not wanting to touch the handle.

Battery Powered
